Product information

The induction-hardened, solid steel cutting rollers with a lifetime warranty can easily cope with staples and paper clips and guarantee durability.

A separate collecting bag means that the shredder material can easily be sorted and separated for correct recycling.

The waste container can be easily removed and emptied.

For continuous operation

The powerful motor ensures a high cutting capacity and reliable continuous operation.

Energy-saving

In stand-by mode, intelligent control programme EcoSmart ensures there is an exceptionally low power consumption of 0.1 watts.

High level of user safety

The safety element prevents unintentional entry of materials into the machine and thereby increases the user safety.

Automatic start/stop

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.

Display bin full

The full bin is indicated via the display and the machine switches off automatically.

Filling level indication

The filling level of the waste container can be seen at all times through the inspection window.
