NUMEN

SH-ZB7

Computerized Numerical Control Currency Binder

Features:

Binding paper currency automatically and quickly Computer control and convenient operation Paper currency bindling can be freely adjusted by button The paper tape hot press terminal has real time display It can be adjusted by buttonSelf trouble test and code display

Operation ambient temperature:-10 ℃~40 °

Operation ambient relative humidity:30%~80%

Operation ambient power supply: AC 220V/50HZ

power≦60W

Temper ature adjust ment:105℃~140℃

Binding position adjustment range:1-8mm

Applicabel paper tapes: DET 20*180 paper tape manufactured under supercision of our company

Binding Speed: ≦2S/bundle

Weight:6.5KGS

Dimension:250*180*220MM
